# Swimming Pool Filtration

## ■ WALL-MOUNTED: INTEGRATIVE POOL FILTER

Pool Star brings the world's most advanced swimming pool filtration system - Dolphin Integrative Pipe less Filter. The filter integrates the multiple functions of Filtration, Disinfection, Vacuum cleaning, Illumination and Whirlpool Massage. The filter eliminates the requirement of balancing tank, buried pipes, plumbing and pump room. The Dolphin Pipe less Filter can fit any existing water body, swimming pool or pond easily.

**Features :** FRP Heavy Duty Body, Stainless-Steel Hand Rail, Control Panel, Massage Nozzle, S. S. LED Light, Water Inlet and Outlet High Quality Filtration Bag, Easy Installation & User Friendly Operation.

**Option:** Available in 15 m<sup>3</sup>/h, 25 m<sup>3</sup>/h & 35 m<sup>3</sup>/h capacity.

## ■ SAND FILTER

### Pool Star Fiberglass Sand Filter

The most recommendable filters for the swimming pools created by the latest engineering technology. The fiber glass winding design allows the filter to have extra strength and resistance to chemicals and corrosion. Equipped with top mounted easy to use multi port valve.

- UV-resistance surface allows the filter to work under direct sunlight.
- Sand required : 0.8-1.0 mm granule.

**Option:** Available in 6000 lph to 60000 lph capacity.

## ■ POOL MOTOR PUMP

### Centrifugal Pumps

Ultra Rapid Priming, Ultra Quiet, Low Energy Consumption, Easy Operation and Service.

#### Material

- Prefilter, pump body, pump foot in PP.
- Seal mounting and impeller in PPO.
- Motor shaft in stainless steel AISI 420.
- Mechanical seal in SIC & SIC.

**Option:** Available in 6000 lph to 100000 lph capacity.

## ■ SWIMMING POOL LIGHTS

The Pool Star swimming pool underwater lights provide brilliant lighting for all concrete pools and spas. This revolutionary patented design uses a mounting hub and bracket instead of a niche. This light eliminates the need for pre-punched light panels, costly makeup panels and extra braces. It reduces installation costs and leak potential for concrete and vinyl pools. These lights are easy to install.

## ■ POOL LADDERS

SS. Ladders:- Non corrosive 304/316 S.S. Ladders, 38/42 mm dia with S.S. treads and special polished finish, available in 2, 3, 4, 5 treads.

Overflow Ladder

Designer Ladder

Ushape Ladder

## ■ POOL INLETS & DRAIN

Eye Ball Nozzle

Flower Nozzle

Return Inlets for concrete pools. White ABS plastic inlets can be glued directly to 50 mm & 63 mm PVC 6 kg pressure pipe. Recommend flow: 5000 lph

SS Main Drain

Round Drain

White ABS Plastic Main Drain for small pools, available in 12'x12'.

S.S. Main Drain: Stainless steel with frame and grill for all pools, available in 12'x12', 18'x18', 24'x24'.

## ■ POOL SKIMMER

Wide Mouth

Standard

Standard and Wide Mouth Skimmer for concrete pools. With Recommended flow 5000 lph in white ABS with weir flap

## ■ COMPETITION POOL EQUIPMENT

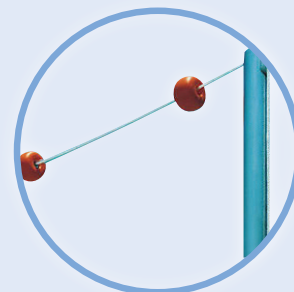

**Racing lane**

Available In ball type/ antiwave type  
Available In Nylon Rope/ SS Rope  
Length - 25 mts/ 50mts

**Backstroke Indicator**

Material - SS304  
2 Pole set with flags  
and nylon rope

**False start Indicator**

Material - SS304  
2 Pole set with flags, nylon  
rope and floating ball

**Racing Lane Roller**  
Material SS304

**Life Guard Chair**  
Material SS304

**Starting Podium**  
Available Height  
400mm/700mm  
Anti skid FRP Top  
Base SS304

# Pool Heating Solutions

## ■ SWIMMING POOL HEAT PUMP

Pool Star Pool Heat Pumps maximise the value and enjoyment from your pool all year round. These are the most efficient and economical pool heat pumps available in the market. They help in maintaining a comfortable soothing temperature all year round and maximize the usage and utilisation of your pool. Pool Star Heat Pumps require a small amount of energy to operate the compressor and fan motor and hence effectively reduce energy bills. Our heat pumps produce up to five times more heat energy than the electricity consumed by them.

## ■ POOL & SPA HEATER

Pool Star Pool & Spa Heaters are intended for use on spas or small pools having a forced water circulation system. The heater will maintain the water at any enjoyable relaxing temperature for as long as the system is on. It shuts off automatically when the system reaches the desired temperature.

### Features :

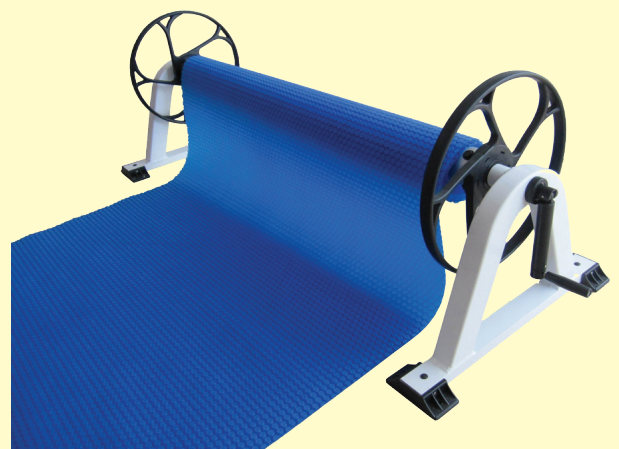

- Perfect for small Pools and Spas
- Powder Coated Steel Cabinet
- Digital Control System
- Intelligent Self Diagnose
- IPX36 Water proofing
- User Friendly
- Easy Installation & Servicing

## ■ SWIMMING POOL COVER

We fabricate Swimming Pool Covers to your specifications. Pool Covers reduce chemical and water loss and the water stays clean longer with minimum care. They are also called solar blankets or solar pool covers.

### Features :

- Heat Welded to any size & shape
- Additional UV & Chemical Protection
- Durable, Waterproof & Tear Resistant
- Saves Water, Chemicals & Cleaning Time
- Long life & easy Installation
- Prevents Heat Loss during Pool Heating

# SPA

## ■ STEAM BATH

Pool Star designs the finest world class steam bath with various options customized to your requirement.

As soon as you step inside the steam room, warmth penetrates your whole body, easing tired muscles, relieving tensions and congestion. it reduces joint pain and unclogs the pores of the skin.

- Built in pressure release valve for extra safety.
- Comes with advanced sensing system with digital display.
- Auto level device.
- Low water level cut off.
- Available in 3 k.w.- 18 k.w. version

## ■ SAUNA BATH

Reviving the values of traditional sauna bathing Pool Star brings the most modern sauna's in India. Crafted with seasoned wood paneling and thermally insulated walls comes with comfortable benches & chairs and wooden door.

The dry bath improves blood circulation, relieves tensions and reduces joint pain.

The temperature ranges from 160-190f.

Feel the chill in your own bathroom

## ■ CHILLED SHOWER

### Benefits of Cold Water Showers

Improves blood circulation, Relieves depression, Keeps skin and hair healthy, Strengthens immunity, Increases fertility, Increases energy.

### Silent Feature

- Storage as per requirement
- S S body storage tank
- Sealed type Copland compressor
- Air cooled condenser
- Copper Cooling coil
- Digital temperature control

## ■ JACUZZI

### Jacuzzi Accessories

Tee Body

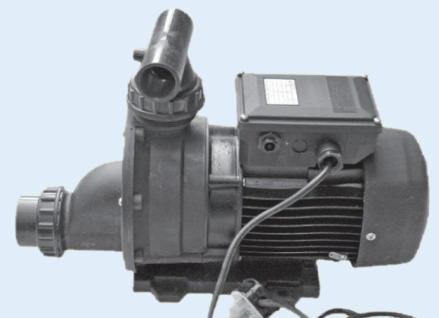

Rotatory Jet

Standard Jet

Air Blower

Pool Motor Pump

## ■ COUNTER CURRENT SYSTEM

The Poolstar counter current unit produces the effect of an aquatic treadmill, using a powerful and adjustable jet of water. It allows you to swim against the flow to improve fitness, eliminates turning at the end of the pool and can turn a small domestic pool into the equivalent of an endless lap pool.

## ■ UV DISINFECTION SYSTEM

## ■ OZONE DISINFECTION SYSTEM

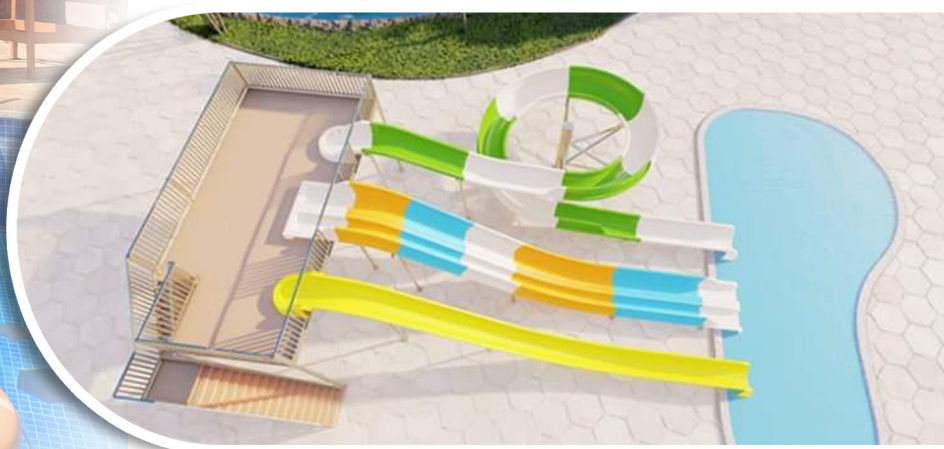

## ■ SALT CHLORINATOR

Poolstar Salt Chlorinators, are an alternative means of sanitizing your pool with chlorine using the process of electrolysis. The electrolysis process is achieved by passing the salt water solution through an electrolytic cell which converts sodium chloride (salt) in the water into chlorine gas which, when dissolved in water become sodium hypochlorite (liquid chlorine).
